## What Are We Like?

We are like a family. Sometimes we start on time.  
Sometimes we laugh or cry in the service.  
Sometimes we spill things. Sometimes we help in ways that we aren't the best at because we aim to serve each other and grow together in Christ Jesus. Many of us are involved in multiple ministries to share the load and because we love Jesus. We want others to know Him. He is our reason for why we do what we do.

*Our greatest need at present!*

### *Thoughts on Serving*

*God is good.*

*Human nature is always self focused, opposed to God. Its desire is purely for the gratification of the flesh ... of self. This focus, the sin of pride and self-exaltation leads to self destruction. Jesus came to break this power of sin and death, via serving in obedience to the Father in submitting Himself on a cross to death as a substitutionary atoning sacrifice for the sins of the whole human race. We love Him for this.*

*When the Son of God came, He did not come to be served but to serve and give His life a ransom for many (Mark 10:45).*

*As a new (or old) college student, **first** find a church to attend. Don't push this task to the bottom of your list; make this search a priority. Find a church that teaches God's word accurately. **Second**, get involved in that church; start serving Jesus there.*

**Red Bench Bible Church**

*Often our goal is to find a church that fits around us. We go to church to get out of it what we want. You might have thought: "I'm just trying to find my place." That is a legitimate search. But as followers of Jesus we should look at how He lived in this world and follow Him. How did Jesus find His place? He came from heaven to earth and took on flesh; He was out of place. But He didn't come to find His place. He came to serve: to do the will of His Father. It was through His self-sacrificing service to God and humanity that He found and received His glorifying place at the right hand of the Father (Hebrews 1:3).*

*So, when you find a church you want to attend, start serving there as soon as you can. God has not called us to perfection in our service to Him ... He has called us to serve Him, rely on Him, and watch the Holy Spirit change us into the image of Christ in the process. We find our place in submission to THE LORD. Eventually that perfect place will be at Jesus's side. Looking forward to that?*

*We would love to have you join us in serving our LORD.*
